**Subject:** Fully Funded Opportunity

Good morning/afternoon [name],

I'm getting in touch to share a fantastic opportunity for your school to get involved in.

[Organisation] are working in partnership with The Key to deliver a **FULLY FUNDED** project with **EITHER Year X students OR X-number of students who need support with friendships/communication/wellbeing/behaviour/life skills/struggling with the move to secondary school (whatever your target group is)**. The project has been successfully delivered in a number of schools previously and we have availability for [name of school] to get involved too.

The project involves working with **x-number** groups of four to six young people to think, plan, pitch, do, and review a project of their choice, developing 12 Key Skills over the course of around 8 weeks. Each group will get to spend up to £250 on their project and build key skills and confidence in the process. I have attached a flyer with more information about KEY+.

If you are interested or would like more information or to find out what the next steps are, please get in touch. I would be happy to arrange an online or in person meeting or even a telephone call to talk through any questions you may have.

Thanks,
